Where Concrete Meets Creativity

Concrete Fair is a flagship technical fest organized by the **Department of Civil Engineering, RV College of Engineering**, in association with the **Indian Concrete Institute (ICI)**, Bengaluru Centre, India.

Established in 1963, the Civil Engineering Department at RVCE is one of the oldest engineering departments, offering **B.E. and M.Tech. programs**. The department is affiliated with VTU and has autonomous status. **Accredited by the NBA, the department is actively involved in research and development (R&D), offers consultancy services, and conducts training programs.** Students are encouraged to participate in extracurricular activities, and industry–institute interaction is fostered through frequent industrial visits and expert lectures.

CONCRETE FAIR

2026

ORGANIZED BY:
DEPARTMENT OF CIVIL ENGINEERING
RV COLLEGE OF ENGINEERING

Why sponsor CONCRETE FAIR 2026?

Concrete Fair has established itself as a prominent technical platform that brings together aspiring Civil Engineers, academicians, professionals, and industry representatives. The event combines technical knowledge, innovation and problem-solving, creating an eco-system for students to learn, interact, and apply their skills to real-world challenges.

The 13th edition of Concrete Fair will bring together students from institutions across the country over two days. With 5,000+ participants attending previous editions, the event provides sponsors with an opportunity to connect with a large student community while building visibility among future professionals in Civil Engineering.

Concrete Fair 2026 creates a positive impact across the Civil Engineering ecosystem, benefiting students, academic institutions, industry professionals, and the construction sector. By supporting this initiative, sponsors become part of a meaningful cause that promotes knowledge, encourages growth, and contributes to future engineers. Their involvement goes beyond an event; it contributes to a larger vision benefiting the industry and future generations.

EVENTS

CONmix - Mix-Design
CONarch - Arch Design & Build
CONzine - Smart City Designing
CONmake - Model Making
CONflix - Short Film
CONquest - Quiz
CONfight - Debate Challenge
CONscape - Escape Room

DATE

30/11/2026 & 01/12/2026

Past Event Highlights

Benefits of Sponsorship

Connect with 5,000+ aspiring Engineers from institutions across the country and showcase your organization to students, educators, and industry leaders.

Brand Visibility: Logos, banners, posters, social media and promotional materials.

Talent Recruitment: Access to the job fair for internship and full-time hiring.

Product Showcase: Exhibition stalls to display products, materials and technologies.

Industry Recognition: Associate your brand with flagship events and engineering innovation.

Direct Engagement: Interact with aspiring engineers and future industry professionals.

Flexible Sponsorship: Packages from ₹25,000 to ₹3,50,000, with customised options to suit your goals and budget.
